

**STATEMENT OF CANDIDATE FOR  
ROSEVILLE JOINT UNION HIGH SCHOOL DISTRICT**

**Tim Herman, D.D.S.**

**Age:** 43

**Occupation:** Dentist/President Roseville Chamber of Commerce

**Education and Qualifications:** As a father of a Roseville High School student and active member of our community I am seeking a seat on the RJUHSD board. I am a member of the Roseville Parks and Recreation Commission and I am the current President of the Roseville Chamber of Commerce. I received my Doctorate degree from UCSF School of Dentistry in 1988.

Mr. Richard Pierucci, Dr. Kelvin Lee, and Dr. Ron Feist endorse me for the RJUHSD board of trustees. I have been involved in our school districts in various capacities since 1993. Presently I am a member of the High School District's Continuous Improvement Leadership Team (CILT).

Our students must have the educational foundation to be life long learners so they can be successful in our world today. I believe it is our School Board's obligation to focus on education so our students have the maximum number of options available to them when they graduate from our schools.

I promise to use my experience in business, in community service, and as a parent to insure we provide our administrators and award-winning teachers with the tools to make our district the best in the state.

If you have questions call me at 916-217-2458.
